

SETTLEMENT AGREEMENT

1. INTRODUCTION

1.1 Parties

This Settlement Agreement is entered into by and between Laurence Vinocur (“Vinocur”) and KidCo, Inc. (“KidCo”) with Vinocur and KidCo collectively referred to as the “Parties.” Vinocur is an individual residing in the State of California who seeks to promote awareness of exposures to toxic chemicals and to improve human health by reducing or eliminating hazardous substances contained in consumer and commercial products. KidCo employs ten or more persons and is a person in the course of doing business for purposes of the Safe Drinking Water and Toxic Enforcement Act of 1986, California Health & Safety Code § 25249.6, *et seq.* (“Proposition 65”).

1.2 General Allegations

Vinocur alleges that KidCo manufactured, imported, sold and/or distributed for sale in California, children’s travel beds with fabric containing tris(1,3-dichloro-2-propyl) phosphate (“TDCPP”) without the requisite Proposition 65 health hazard warnings. TDCPP is an additive flame retardant used in both soft and rigid polyurethane foam, plastics and fabric backings.

Pursuant to Proposition 65, on October 28, 2011, California identified and listed TDCPP as a chemical known to cause cancer. TDCPP became subject to the “clear and reasonable warning” requirements of Proposition 65 one year later on October 28, 2012. Cal. Code Regs., tit. 27, § 27001(b); Health & Safety Code §§ 25249.8 and 25249.10(b). Vinocur alleges that TDCPP escapes from foam padding and fabrics, leading to human exposures.

1.3 Product Description

The products that are covered by this Settlement Agreement are defined as children’s travel beds with fabric containing TDCPP including, but not limited to, the *KidCo PeaPod, P3010, #0613, UPC #7 86441 43010 0* (“Products”) manufactured, imported, sold and/or distributed for sale in California by KidCo.

1.4 Notice of Violation

On July 30, 2014, Vinocur served KidCo, others, and certain requisite public enforcement agencies with a “60-Day Notice of Violation” (“Notice”) that provided the recipients with notice of

alleged violations of Proposition 65 based on the alleged failure to warn customers, consumers, and workers in California that the Products expose users to TDCPP.

To the best of the Parties' knowledge, no public enforcer has commenced or is diligently prosecuting the allegations set forth in the Notice.

1.5 No Admission

KidCo denies the material factual and legal allegations contained in Vinocur's Notice and maintains that all products it has manufactured, imported, distributed, and/or sold in California, including the Products, have been and are in compliance with all laws. Nothing in this Settlement Agreement shall be construed as an admission by KidCo of any fact, finding, conclusion, issue of law, or violation of law, nor shall compliance with this Settlement Agreement constitute or be construed as an admission by KidCo of any fact, finding, conclusion, issue of law, or violation of law. However, this section shall not diminish or otherwise affect KidCo's obligations, responsibilities, and duties under this Settlement Agreement.

Prior to execution of this Settlement an officer of KidCo provided Plaintiff’s counsel with a written certifications representing that all Products manufactured, sold, and/or distributed for sale by or on behalf of KidCo after the Effective Date will be Reformulated Products, that all Products (Products beyond the Exemplar) manufactured, sold, and/or distributed for sale by or on behalf of KidCo after the Effective Date will be Reformulated Products, and that Products manufactured, sold, and/or distributed for sale by or on behalf of KidCo after the Effective Date will not contain tris (2,3-dibromopropyl) phosphate (“TDBPP”) in excess of 25 parts per million.

3.2 Vendor Notification/Certification

On or before the Effective Date, KidCo shall provide written notice to all of its then-current vendors of the Products, instructing each such vendor to use reasonable efforts to provide it with only Reformulated Products. In addressing the obligation set forth in the preceding sentence, KidCo shall not employ statements that will encourage a vendor to delay compliance with the Reformulation Standard. KidCo shall subsequently obtain written certifications, no later than February 15, 2015, from such vendors, and any newly engaged vendors, that the Products manufactured by such vendors are in compliance with the Reformulation Standard. Certifications shall be held by KidCo for at least two years after their receipt and shall be made available to Vinocur upon request.

3.3 Products No Longer in KidCo's Control

On or before the Effective Date, KidCo shall send a letter, electronic or otherwise ("Notification Letter") to: (1) each California Customer and/or Retailer to which it supplied the *KidCo PeaPod, P3010, #0613, UPC #7 86441 43010 0* ("Exemplar Product") after October 28, 2012 to a location in California; and (2) any California Customer and/or Retailer that KidCo understands or knows had any inventory for resale in California of Exemplar Products as of the notice date. The Notification Letter shall advise the recipient that the Exemplar Product "is alleged to contain TDCPP, a chemical known to the State of California to cause cancer," and request that the recipient return all units of the Exemplar Product held for sale in California, or to California Customers, to KidCo or destroyed, at KidCo's sole expense. The Notification Letter shall require a response from the recipient within 20 days confirming whether the Exemplar Product will be labeled or returned to KidCo. KidCo shall maintain records of all correspondence or other communications generated pursuant to this Section for two years after the Effective Date and shall promptly produce copies of such records upon Vinocur's written request.

4. MONETARY PAYMENTS

4.1 Civil Penalties Pursuant to Health & Safety Code § 25249.7(b)

In settlement of all the claims referred to in this Settlement Agreement, KidCo shall pay the penalties in accordance with this Section. Each penalty payment will be allocated in accordance with California Health & Safety Code § 25249.12(c)(1) and (d), with 75% of the funds remitted to the California Office of Environmental Health Hazard Assessment (“OEHHA”), and the remaining 25% of the penalty remitted to “Laurence Vinocur, Client Trust Account.” Each penalty payment shall be made within two business days of the date it is due and be delivered to the addresses listed in Section 4.5 below. KidCo shall be liable for payment of interest, at a rate of 10% simple interest, for all amounts due and owing under this Section that are not received within two business days of the due date.

4.1.1 Civil Penalty. On or before fifteen (15) days after the Effective Date, KidCo shall make a civil penalty payment in the amount of \$5,500.

4.2 Representations

KidCo represents that the sales data and other information concerning its size, knowledge of TDCPP, and prior reformulation and/or warning efforts, it provided to Vinocur was truthful to its knowledge and a material factor upon which Vinocur has relied to determine the amount of civil penalties assessed pursuant to Health & Safety Code § 25249.7 in this Settlement Agreement. If, within nine months of the Effective Date, Vinocur discovers and presents to KidCo, evidence demonstrating that the preceding representation and warranty was materially inaccurate, then KidCo shall have 30 days to meet and confer regarding Vinocur’s contention. Should this 30 day period pass without any such resolution between Vinocur and KidCo, Vinocur shall be entitled to file a formal legal claim including, but not limited to, a claim for damages for breach of contract. KidCo further represents that in implementing the requirements set forth in Sections 3.1 and 3.2 of this Settlement Agreement, it will voluntarily employ commercial best efforts to achieve reformulation of its Products on a nationwide basis and not employ statements that will encourage a vendor to limit its compliance with the Reformulation Standard to goods intended for sale to California Consumers.

4.3 Stipulated Penalties for Certain Violations of the Reformulation Standard.

If Vinocur provides notice and appropriate supporting information to KidCo that levels of TDCPP in excess of the Reformulation Standard have been detected in one or more Products that are (a) distributed or sold in California after the Effective Date and (b) labeled or otherwise marked in an identifiable manner as manufactured or imported by KidCo after the Effective Date, KidCo may elect to pay a stipulated penalty to relieve any further potential liability under Proposition 65 or sanction under this Settlement Agreement as to Products containing TDCPP sourced from the vendor in question. The stipulated penalty shall be \$1,500 if the violation level is below 100 ppm for TDCPP and \$3,000 if the violation level is between 100 ppm and 249 ppm for TDCPP, this being applicable for any amount in excess of the Reformulation Standards but under 250 ppm for TDCPP. Vinocur shall further be entitled to reimbursement of his associated expense in an amount not to exceed \$5,000 regardless of the stipulated penalty level. KidCo under this Section must provide notice and appropriate supporting information relating to the purchase (e.g. vendor name and contact information including representative, purchase order, certification (if any) received from vendor for the exemplar or subcategory of products), test results, and a letter from a company representative or counsel attesting to the information provided, to Vinocur within 30 calendar days of receiving test results from Vinocur's counsel. In the event that Vinocur's test results vary from those provided by KidCo and KidCo's test result demonstrate less than 25 ppm for TDCPP, the parties shall agree to test the Products by a third independent laboratory to be mutually agreed upon. The expenses of the third laboratory shall be borne by the party whose test results are the furthest from those of the third laboratory. The results of the third laboratory shall be deemed conclusive. If such test results demonstrate less than 25 ppm for TDCPP, then no penalty will be owed.

4.4 Reimbursement of Fees and Costs

The Parties acknowledge that Vinocur and his counsel offered to resolve this dispute without reaching terms on the amount of fees and costs to be reimbursed to them, thereby leaving this fee reimbursement issue to be resolved after the material terms of the agreement had been settled. Shortly after the other settlement terms had been finalized, KidCo expressed a desire to resolve the fee and cost issue. KidCo then agreed to pay Vinocur and his counsel under general

contract principles and the private attorney general doctrine codified at California Code of Civil Procedure section 1021.5 for all work performed through the mutual execution of this agreement, including the fees and costs incurred as a result of investigating, bringing this matter to KidCo's attention, and negotiating a settlement in the public interest. In addition, the negotiated fee and cost figure expressly includes the anticipated significant amount of time Vinocur's counsel will incur to monitor various provisions in this agreement over the next two years. KidCo, more specifically, agreed to pay Vinocur's counsel the amount of \$25,500. KidCo further agreed to tender and shall tender its full required payment under this Section to a trust account at The Chanler Group (made payable "In Trust for The Chanler Group") within fifteen (15) days of the Effective Date.
